

Dribl Match Sheet Access

A person can be assigned to one of four different levels of access...

Administrator, Member, Supporter or Guest.

Coaches, Managers, Team Reporters and Recorders should have **Member** Access.

The people who do not have access to the Match Sheets would more than likely have signed in with Supporter access or connected their account to another member (eg: Child's account).

Firstly – determine what type of account you currently have

This article runs through how they can determine what type of account they currently have been assigned to: <https://help.dribl.com/hc/en-au/articles/9429626609167-What-type-of-Dribl-account-do-you-have>

If you have a Supporters Account

If someone has created a supporter account, they can follow these instructions: <https://help.dribl.com/hc/en-au/articles/9429759128079-My-email-address-is-registered-to-a-supporter-account>

If someone has their email assigned to another member account instead, they can follow these instructions: <https://help.dribl.com/hc/en-au/articles/9429521867279-My-email-is-registered-to-another-member-account>

Then create a Members account:

Once they have deleted their current account, they will need to create a **Members** account: <https://help.dribl.com/hc/en-au/articles/4532700743183-Activating-a-Dribl-Account-Self-service-Registration>

All these instructions, articles and more can be found in the Help section at dribl.com.

Kind Regards,

ERFC Executive Committee
